

## SUMMARY

UV-C light is a proven disinfectant against harmful viruses and bacteria. As a part of the electromagnetic spectrum, UV-C light is invisible to the human eye and has the power to break down the DNA of viruses and bacteria so they can no longer reproduce and make people ill. Fast, effective and proven, the Sterilite UV-C Case has been designed to safely sanitise mobile phones and small everyday objects like keys and cash.

## DIMENSIONS

## PRODUCT DATA

Order Code	440002
Voltage	5V
Wattage	1.2W
Battery Capacity	500 mAh
IP Rating	IP20
Light Source	UV LED
Power Source	Rechargeable lithium batteries
Modes	Blue light on/Red light on
Driver	Integrated
Fitting Colour	White
Dimmable	No
Construction	Plastic
Beam Angle	N/A
Net Weight (kg)	0.31
Warranty	3 years
