

## SUMMARY

The Marklite is a deep set, low glare downlight solution for residential and commercial applications. It features an integrated Flicker-Free driver for superior lighting comfort and Tri-Colour selectable technology offering the flexibility and convenience of 3 colour temperatures in 1 fitting. Installers can now cater to a broader range of needs with fewer variants, saving time and money. Rated IP54 and IC-4 for peace of mind, it can be safely installed in wet areas like bathrooms and abutted against thermal building materials like insulation.
