• Classic, architectural design

The Arki series by Danish designer Bønnelycke MDD is characterised by its beautiful dome-like shade and minimalist, clean lines inspired by the classic architect lamp. Arki beautifully balances simplicity with sophistication while emitting the perfect light for your entrance, driveway, terrace or other outdoor space.

The beautiful and durable version in galvanized steel is especially suitable for harsh seaside use. Nordlux offers 15 years of guarantee on galvanized steel. This guarantee applies to extensive corrosion in the form of holes in the metal caused by rust.
