• Scandinavian minimalistic design

Slim Nordic design and innovative technology are combined in the most compelling way in the Clyde series. Clyde has a built-in
moodmaker function, which allows you to adjust the light in three steps according to needs and situation from your regular wall
switch.

Clyde is a small wall lamp with various functionalities. The moodmaker function makes the lamp applicable next to the bed or
sofa, as it provides good reading light and a cozy light before bedtime. The power switch is placed on the base, which makes it
easy to turn the light on and off.
