• 2-Step MOODMAKER by wall switch: 100%-night light

Otis is an elegant wall lamp that is perfect for the use in the bathroom due to its high degree of protection, IP44. Otis equipped with a 2 step-Moodmaker and can be installed both vertically and horizontally – making it perfect for your personal light wishes.

The 2-step Moodmaker allows you with one click on the standard wall switch to create natural light at a 100% brightness. While clicking another time enables a comfortable night light that will not completely wake you up when going to the bathroom during the night. Otis is a very practical lamp as it has a rotating reflector and an adjustable depth but also a memory and reset function that will remember your preference after having turned the light off/on five times. Moreover, a cabinet bracket is included which makes it easy to mount Otis on a cabinet.
