• Scandinavian minimalistic design

Piso oozes of Nordic minimalism. The stylish design gives Piso a timeless and modern expression, where the large illuminated surface contributes to a beautiful homogenous light. The slim design is combined with built-in dim-to-warm technology, which makes it extremely easy to change the light temperature in your room. Thus, Piso combines design and functionality in the most compelling manner.

The Piso pendant is made of elegant grey metal, which together with the soft shapes give the lamp a minimalistic expression. The pendant emits a practical homogeneous light through the frosted shade and therefore, it is ideal above the dining table or kitchen island.
