

Perimalite Wall Pack

3K

4K

5K

The Perimalite Wall Pack offers versatility with Tri-colour and multi-watt options, allowing precise control over colour and brightness. Its high efficacy, reaching up to 135Lm/W, delivers exceptional illumination.

The combination of a glass lens and die-cast aluminium body ensures both durability and performance.

With an impressive IP65 rating, it excels in water and dust resistance, and the added IK08 protection shields against impacts, making it a resilient choice. Plus, for added control, there's an optional DALI dimming driver. It's the complete package for your lighting needs.

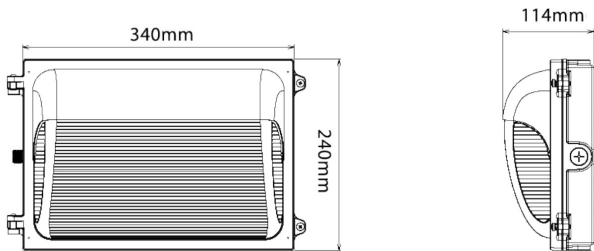

Features

- Versatile colour and brightness control with Tri-colour and multi-watt technology
- Experience exceptional illumination with high efficacy, achieving up to 135Lm/W
- Glass lens with die-cast aluminium body
- Impressive IP65 rating for unmatched water and dust resistance
- IK08 offers robust protection against impact
- DALI dimming driver optional

Applications

- Area lighting, security, entryways, perimeter lighting

Product Data

Order Code	Wattage	CCT	Lumen Output	Size(LxD)mm	Lifetime(Hours)
191001	120/100/80/60W	3K/4K/5K	16200Lm	340 x 240 x 114	50000

[1] Voltage: 220~240V

[2] Operating Frequency: 50/60Hz

[3] Operating Temperature: -25°C to +45°C
