**PRISMALITE**  
IP65 LOWBAY

## PRISMALITE

The Prismalite Lowbay is the newest addition to the Energetic product range, this high performance and versatile product comes with added ease with a 5m flex and plug and 5m stainless steel suspension cable for easy installation.

This product offers customers all the benefits of LED lighting, whilst reducing energy consumption, and requiring less maintenance. Staying in line with the original HID design, you can maintain the traditional Lowbay appearance whilst gaining all of the added benefits of LED technology and an even light output.

The Prismalite Lowbay is ideal for shopping centres, supermarkets, and retail applications.

- ✓ Die-cast aluminium heat sink
- ✓ High lumen efficacy @115Lm/W with PC diffuser
- ✓ 5m flex & plug
- ✓ 5m Stainless Steel cable for suspension installation
- ✓ 5-year warranty
