

Why choose Energetic Lighting?

For over 45 years, Energetic Lighting has been at the leading edge of lighting technology and manufacturing practices, bringing high-quality products to the global market.

Our focus on and commitment to product quality, technological innovations, and convenience is supported by a network of R&D laboratories, state-of-the-art manufacturing facilities and sophisticated lines of supply.

This strong back-end support has enabled us to develop and bring to market unique solutions to our customers, evident through the breadth and depth of our portfolio. We are continuously striving to be the leading provider of sustainable and innovative lighting products to market utilising extensive R&D, experience, and the latest manufacturing technology.

What sets us apart?

- ✓ First-to market technology – V range offering five-colour and multi-watt selectable technology in an extensive range of products
- ✓ A full range of Led Lamps which includes the Global first to market all in one Multi-watt and Tri-colour ranges
- ✓ Complete lighting solutions from consultation with Lighting Design through to delivery of your project
- ✓ Distribution centres in Sydney, Adelaide, Perth, Darwin, and Townsville for quick and efficient delivery
- ✓ Committed staff that go above and beyond to help each customer and provide the most knowledgeable information
- ✓ Rewarding loyal customers with a Loyalty Program offering reward points for each dollar spent on Energetic and Nordlux products

In addition to Energetic Lighting products, our Danish designed Nordlux branded products, established in 1977, strive to deliver quality residential lighting at attractive prices. Nordlux offers a broad selection of consumer lighting, for both indoor and outdoor use including pendants, smart and decorative lamps, table and floor lamps, solar and portable lighting, and seaside suitable products.

Energetic Lighting takes great pride in being a trusted brand, always ensuring honesty and dependability. As a company we are inclusive and caring of people, we celebrate diversity and are respectful towards our environment.

Make the right choice with Energetic Lighting every time!
